MISSION STATEMENT

Bikes for Kids Wisconsin is powered by our love of cycling, our community, and our planet. We increase the use of bicycle-based transportation for everyone through access, low-cost repairs, and education.

OUR VISION

We're a community making bicycling sustainable, equitable, and affordable for everyday transportation; where human-powered transportation is prioritized and better all residents' lives physically, emotionally, and economically.

We are a 501c3 nonprofit organization serving Dane County and beyond. Our bike shop is open to the public Monday through Friday year-round. We accept bike donations, financial donations, and volunteers—all of which make our programs possible. Visit our website to learn more.

Bike Giveaway Program

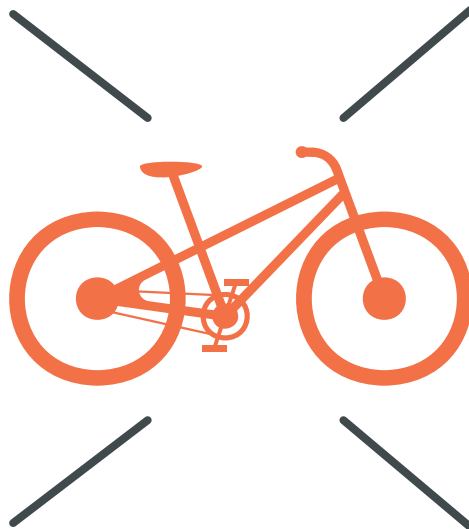

Each year, we give away 2,000 bikes to people in need. Bikes help people get to work, school, and access services. They are good for people and the planet, plus they are fun to ride!

We accept donated bikes year-round then refurbish them with our small army of dedicated volunteers. By refurbishing bikes, we keep them out of the landfill.

Bike Education Program

Our *Bike Mechanics* educational program teaches youth how to build a bike, basic repairs, and sets the foundation for a career as a bike mechanic.

Bike mechanics are a skilled trade and always in short supply especially in bike-loving communities like Madison. They are great paying jobs and provide entrepreneurial opportunities.

Bike Fleet Program

We provide fleets of bikes to schools and organizations that serve youth. Through our fleets, kids who don't have bikes have an option to experience this life skill and build their social circles. Ask us about our fleet repair services. Bikes are vehicles and vehicles must be regularly maintained.

Bike Sales & Service

Visit our bike shop in south Madison to shop for used bikes! You can also hire us for low-cost bike service and repairs. Our inventory features all styles with many brands available. Bikes can be purchased as-is or you can purchase them repaired. All of these options help fund our *Bike Giveaway* program and provide sustainability.

There's a space for everyone at Bikes for Kids! Join our community today!

WAYS TO BE INVOLVED

VOLUNTEER: Spend a couple hours cleaning or refurbishing bikes! No experience is needed. Corporate teams of 8-12 are invited to join us on Friday afternoons. Kids age 10+ are welcome with an adult. Hours are during the day Monday-Friday, or evenings (6-8pm) on Mondays and Tuesdays.

DONATE: It costs a lot to provide free vehicles to 2,000 people each year. But we think it's so worth it! Without our work, many would never have the opportunity to own a bike to get to school, work, or enjoy them for fun. Funds are always needed. We also accept bike donations of all sizes and styles year-round.

Financial donations can be made online at our website or at the shop. Did you know you can donate a boat or a car to us too? It will be auctioned off and 80% of the funds will come to us. Bike donations should be dropped off at the shop Monday-Friday.

SALES & SERVICE: Purchase your used bike from us! We have all styles of high-quality bikes. You can also hire us for our low-cost repair services. Selecting us supports our program and provides more long-term sustainability so we can continue to give bikes away.
